

Buckinghamshire Council Consultation

Post 16 Transport Policy Statement 2022/23

What is the Post 16 Transport Policy Statement?

The Council has lots of policies. They tell you how we will do things.

The Council has to agree what transport sixth form students need.

This is so that we can help them attend education or training.

We call this the Post 16 Transport Policy Statement. It is for students aged 16 and over living in Buckinghamshire.

The law says the Council must publish the statement every year for you to see. So everyone knows what travel and transport plans are in place for young people.

Why we want your views

We look at the Post 16 Transport Policy Statement every year. We asked for your views on it in Autumn 2020.

We are now looking at our Post 16 Transport Policy Statement again.

As part of this we are thinking about making some small changes. If we made any changes they would start in September 2022.

We want to know what you think.

What are the proposed changes?

Post 16 Transport Policy Statement

There are no big changes planned. We are planning to update the wording of the Statement. We want to give clear information for young people, parents or carers. We want to make it easier to understand.
