What is the purpose of this consultation?

In 2018 Granborough Parish Council began the process of creating a Neighbourhood Development Plan (also known as a Neighbourhood Plan). In September 2018, the former Aylesbury Vale District Council (AVDC) approved the Neighbourhood area. The area covers the whole of Granborough Parish Council area.

The Parish Council have now completed a period of local community engagement on their Plan and have submitted the final version to us. The next stage of the process is for us, as the local authority, to carry out a public consultation on the submitted plan. This is an opportunity for local people to comment on it before it goes to independent examination.

The Granborough Neighbourhood Plan includes policies that look to shape local development. In particular, the plan seeks to:

- protect village character,
- protect and enhance the historic and natural landscape character of the village,
- support high quality design of new development,
- protect and enhance local heritage assets,
- designate five Local Green Spaces, and
- protect and enhance biodiversity by protecting existing natural features and requiring biodiversity net gain.

The Plan is supportive of limited housing development within a defined settlement boundary and seeks to ensure a suitable mix of housing is provided while resisting housing development beyond the settlement boundary unless it complies with national guidance.

It also seeks to support increased provision of non-car means of access while seeking to ensure any new development results in improvements to highway safety.

Finally, the plan is supportive of the provision of new or expansion of existing community facilities and seeks to protect the Crown Public House.
