

STATEMENT OF REASONS

A355 Beaconsfield – Implementation of De-Restriction Order

It is proposed to implement a De-restriction Order (Removal of 30mph restricted road status) and enable the National Speed Limit on the A355 Beaconsfield.

The table below identifies proposed changes to restrictions for the street named and the reasons for proposing the restriction.

Road Name (And Extents)	Type of Restriction	Reasons
<p>A355 Beaconsfield - From Pyebush Roundabout to the existing speed limit change of 50mph, south of the Beaconsfield Services.</p>	<p>Derestricting and implementing a National Speed Limit.</p>	<p><i>The proposed derestriction order will maintain the posted speed limit and allow Thames Valley Police to legally enforce this limit.</i></p> <p><i>By default, a section of road which has street lighting is considered to be a restricted road (30mph). The purpose of this traffic regulation order is to remove the 'restricted' status of the road and enable the national speed limit.</i></p> <p><i>This proposal does not change the speed limit on this section of road, this consultation is for administrative purposes only.</i></p>
